Dear WAZDE,
On Feb 10, 2017, attorney General Steven Treadwell launched an unprecedented and unprovoked attack on our civil rights. There was no public hearing, the legislative record debated it and the courts overruled it.
Additionally our civil rights were attacked at the local level. Legislators, State, Republican and even other towns had articles filed to their towns warrant. These were a well-organized and timely attempt to suppress individual freedoms in a way that few people would pay attention to, or in their hopes.
Make no mistake, we are in for the fight of our lives and we are counting on you to help us resist and protect our Second Amendment civil rights.
You will bring many challenges, the defense of our civil rights will take place in many arenas, be it a courtroom, town hall, or Board of Selectors. GOAL will be there and we will count on your generous support to enhance and enable our efforts.
This begins on February 4th at our Annual Meeting. Open to all GOAL members in good standing, join us to find out more information about the year that was, and our vision for 2017. As always we will have a buffet breakfast followed by the meeting information and presentations.
Please encourage every member that you know to attend. If you have someone who cares about our Second Amendment who is not a member, please encourage them to join GOAL, and attend.
It begins here, are you in?
