

YORK RAKE Model RS

A compact, yet man-sized rake unit for 10 to 20 horsepower 3-point hitch tractors.

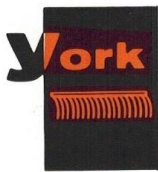

Complete more projects in less time with the York Rake Unit... specifically engineered for use with category "O" or "1" 3-point hitch tractors. A compact yet man-sized tractor-Rake combination.

The versatile York Rake Unit, Model RS, combines scarifying, blading, raking ... removes stones

and debris ... spreads topsoil ... also pulverizes and mulches.

The Model RS Rake is designed for use by landscape and seeding contractors, nurseries, park maintenance departments, estates, golf courses, cemeteries, beaches, schools, resorts, recreational areas.

York Rake Model RS Matches **Workpower** to Horsepower!

"There's a York Rake to match your H.P."

YORK RAKE MODEL	H.P.	TRACTOR
TA 1 Trailer Type	Under 10	
TA 2 Trailer Type	10 to 20	
RS 3-point hitch Category "0" or "1"	10 to 20	

Selecting the proper YORK RAKE to match your tractor horsepower is important for getting maximum use out of your Rake.

A versatile landscaping work-horse in addition to superior rake-ability, the Model RS is equipped with three major optional attachments, to handle a wide variety of soil-working jobs. Adjustable Caster Wheels to provide precise control of working depth of rake teeth; a Scarifier to rip up the hardest-packed earth; and a rugged steel Grader Blade to match the rake. Both Scarifier and Blade flip up and lock in carrying position when not in use. With the complete Rake Unit you get multi-job capability in performing a broad range of soil-preparation, landscaping and grounds maintenance functions including:

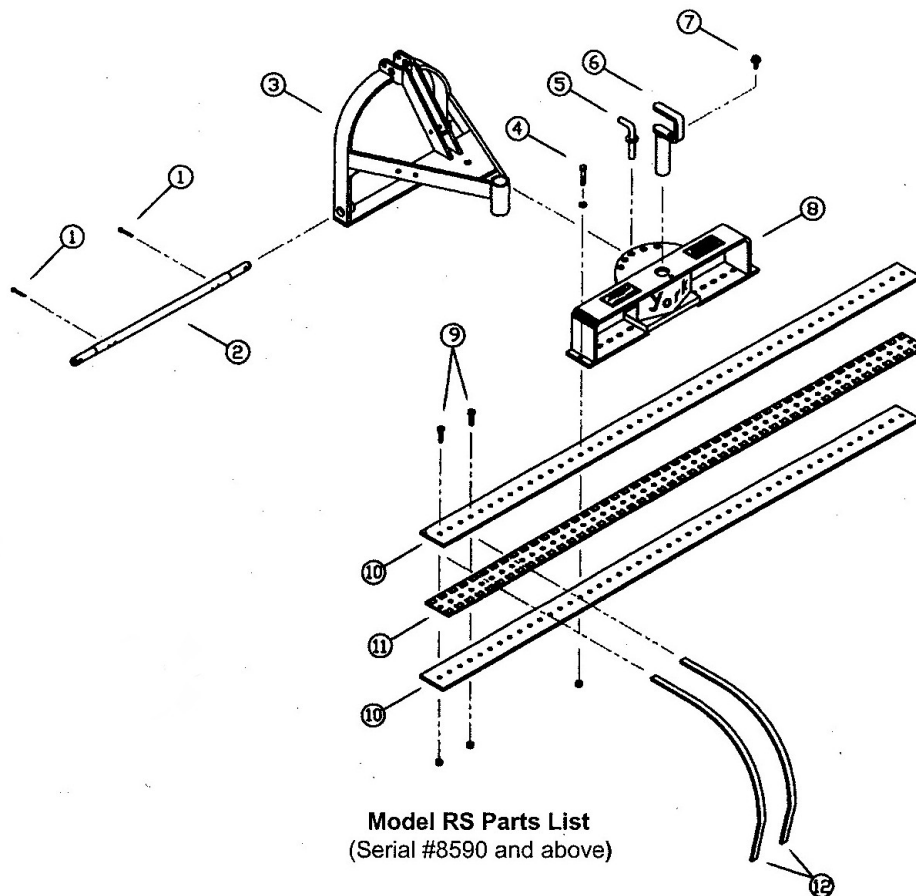

- Spreading topsoil; distributing crushed stone, gravel and cinders
- Ditching and terracing
- Removing twigs, stones, debris
- Breaking up hard-packed earth
- Pulverizing and mulching
- Grading and leveling
- Preparing large areas for seeding

APPLICATIONS EVERYWHERE

The combination of the York Rake Unit Model RS and a mid-range grounds maintenance tractor is ideally suited for use by park maintenance departments, recreation areas, resorts, beaches, golf courses, cemeteries, schools and hospitals, commercial and industrial buildings, apartment complexes, housing developments, seeding and landscape contractors, nurseries, estates, and homeowners with extensive grounds to maintain.
